

src/MemBuf.cpp

```
graph TD; A[src/MemBuf.cpp] --> B[iostream]; A --> C[cstdlib]; A --> D[cstring]; A --> E[MemBuf.h];
```

A dependency diagram with a central node at the top and four nodes below it. The top node is a gray rectangle with a black border containing the text 'src/MemBuf.cpp'. Four dark blue arrows point from the bottom edge of this top node to the top edges of four white rectangles below it. The rectangles are arranged horizontally. The first rectangle on the left contains 'iostream', the second contains 'cstdlib', the third contains 'cstring', and the fourth on the right contains 'MemBuf.h'. The 'MemBuf.h' rectangle has a thick black border, while the others have thin gray borders.
